ADDENDUM NO. 004

Request for Proposals No. 32311R

Food and Beverage Concession Program

Prospective proposers and all concerned are hereby notified of the following changes in the Request for Proposals (RFP) document related to RFP No 32311R. These changes shall be incorporated in and shall become an integral part of the contract documents.

1. **The schedule for Submission in the RFP has been updated as follows:**

Questions Deadline	11/04/2022	2:00PM EDT
Responses to Questions Deadline	11/10/2022	end of day EDT
Proposal Due Date	12/23/2022	2:00PM EDT

2. Our consumer product is a self-serve, kiosk beverage dispenser (alcoholic and non-alcoholic). Our location will be staffed to provide customers with controlled access to the dispenser and offer support and assistance. Will customers be allowed to use our dispenser and take their purchase to their gate or other location in the terminal, such as a common seating area or food court, or are they required to totally consume the beverage in a defined seating area that would be part of our lease?

While there would be no issue with customer consumption of non-alcoholic beverages anywhere in the terminal, we will need to limit consumption of alcoholic beverages to either 1) within the concessionaire's leasehold or 2) within a designated area (part of common seating area) in the Food Court.

RIAC would like to remind all prospective Proposers that additional Addendums may be issued by RIAC until the responses to questions deadline. As such, RIAC encourages prospective Proposers to visit www.flyri.com/riac/procurement on a frequent basis.
